THIS IS NYX!

- This isn't a book about X-Men. This is a book about mutants living past the end of their world and into a new beginning.
- This is MS. MARVEL embracing her mutant life in the neon streets of the Lower East Side. This is ANOLE trying to keep his head above water. This is WOLVERINE in the shadows of Bushwick, protecting her own. This is PRODIGY writing history as it happens - and SOPHIE CUCKOO finding her own way.
- The news reports are bleak. The streets feel dangerous. There's something lurking underground. Evil coming from every direction. But they're determined to make it. This is mutant community. This is mutant pride. This is NYX.

"LAST KING OF ATLANTIS"

War rages beneath the waves, from the lost cities of the Secret Seas to the fathomless depths where the Elder Whales reign. Seven kings, old and new, fight to rule the watery realm. But where is Namor, the once mighty Sub-Mariner? He's sitting behind bars on the surface, with no intention of ever setting foot in the seas again. So begins an oversized Atlantean event that will forever reshape the landscape of the undersea world while at last laying bare the dark history of Atlantis and its fiercest, most infamous defender.

An epic that will redefine the King of the Seas in the manner of Jason Aaron's PUNISHER series!
