Direct Market Ordering Catalog for Products Shipping in July and Beyond

Hello comic retailers and fans!

Welcome to PRH Panels, the Penguin Random House catalog for the Direct Market, highlighting the incredible graphic novels, manga, games, and more that debut every month. We can't wait for you to find the next story to inspire and entertain you, and the latest games and gifts to bring you together.

In the category spotlight section we're celebrating two heritage months! In our Asian American and Pacific Islander Heritage Month section we're spotlighting titles like *They Called Us Enemy, Silk Vol. 1: Threats and Menaces*, and *Cook Korean!* In our Jewish American Heritage Month section we are spotlighting titles like *The Complete Maus*, *Whistle: A New Gotham City Hero*, and *Fortune and Glory Volume 1!*

Our Comics section features *Teenage Mutant Ninja Turtles (2024) #1* by Jason Aaron and Joelle Jones. This is the premiere of the new era of TMNT! The Teenage Mutant Ninja Turtles have all left New York to pursue their own interests, but there are forces gathering that will pull them back together—whether the bad guys like it or not. First up: Raphael! This issue is the perfect jumping on point for new and returning TMNT readers!

In our Graphic Novels section, we're spotlighting *Ultimate Spider-Man by Jonathan Hickman Vol. 1: Married with Children*. This is the first collected edition in Marvel's new Ultimate Universe! After the events of ULTIMATE INVASION, the world needs a hero... step forward, Peter Parker! But this is an older, wiser web-slinger—one who balances his costumed duties with his responsibilities as a husband and a father.

Our Kids & YA section spotlights *This Land Is Our Land: A Blue Beetle Story*. Jaime Reyes has begun to realize that he and his border community are being used as pawns in an increasingly toxic immigration debate. The last few months have seen armed troops deployed along the U.S. and Mexico border, manufactured crackdowns at official border crossings. Jaime's problems get even more complicated when he finds an odd bug-like alien artifact while stargazing.

Our Manga, Manhwa, & Manhua section includes an action-adventure classic in a new format in *Trigun Deluxe Edition*. On the desert planet of Gunsmoke, a sixty billion double-dollar bounty hangs over the head of Vash the Stampede, a pistol-packing pacifist with a weapon capable of punching holes in a planet. Every trigger-happy psycho in creation is aiming to claim Vash dead or alive—preferably dead!—and although Vash believes in nonviolence, he won't go down without a fight.

In our Games & Gift section we're featuring *The Book of Elsewhere* by China Mieville and Keanu Reeves. This prose tie-in to Reeves and Matt Kindt's *BRZRKR* comic series focuses on an unkillable immortal warrior on a black ops team who encounters a mysterious force just as strong as he is.

All this and much, much more can be found in this month's PRH Panels. Don't hesitate to explore this catalog and find the perfect new book! As always, retailers who have any questions about the ordering process or would like to open an account with PRH, are encouraged to email us at comicmarketUS@penguinrandomhouse.com.

This Land Is Our Land: A Blue Beetle Story

Written by JULIO ANTA;

Illustrated by JACOBY SALCEDO

Jaime Reyes is an ordinary high school student in El Paso, Texas, with a deep love for his family, culture, and home. But lately he's begun to realize that he and his border community are being used as pawns in an increasingly toxic immigration debate.

The last few months have seen armed troops deployed along the U.S. and Mexico border, manufactured crackdowns at official border crossings, and now at the community level, a mounting resentment amongst a group of disaffected and reactionary youth who believe they're being "replaced" by El Paso's growing immigrant population. And to make matters worse, one of Jaime's oldest friends, Riley, has bought into the propaganda.

But Jaime's problems get even more complicated when he finds an odd bug-like artifact while stargazing. He starts feeling a little different—like there's another voice in his head pushing him towards his most base instincts. And to make matters worse, he's been having surreal dreams that show him that the true threat El Paso faces isn't "illegal aliens," but actual aliens known as the Reach.

Cthulhu Cat

Written by PANDANIA; Illustrated by PANDANIA;
Translated by ZACK DAVISSON;
Contributions by STEVE DUTRO

An ordinary Japanese high school student takes home an abandoned supernatural cat left in a cardboard box.

Maybe he shouldn't have meddled with kitties beyond human comprehension—after all, it had tentacles where its whiskers should have been! But it's too late!

With no Elder Sign on the cat door, soon the pick of the Mythos litter starts to invade his house, as furry and feline versions of Hastur, Yog-Sothoth, Nyarlathotep, and other adorable Lovecraftian horrors blast his mind, whisper impossible secrets, and generally get underfoot!

From the creator of *Evil Secret Society of Cats* and *Yokai Cats*, *Cthulhu Cat* is a one-shot, full-color gag manga collection that is a charming tribute both to Lovecraft's stories and Lovecraft the cat lover.

H.P. Lovecraft's The Call of Cthulhu (Manga)

Adapted by GOU TANABE;
Illustrated by GOU TANABE;
Translated by ZACK DAVISSON

The complete graphic novel in one volume, faithfully reproducing the original Japanese release.

What links together two bands of worshippers, one deep in the Arctic snows, one hidden in the bayous of Louisiana, is more than their shared practice of blood sacrifice.

It is the inhuman phrase they both chant: Ph'nglui mglw'nafh Cthulhu R'lyeh wgah'nagl fhtagn—"In his house at R'lyeh dead Cthulhu waits dreaming." Now these nightmares will disturb the sanity of Francis Thurston, a young man pursuing an investigation into the cult of Cthulhu that leads to the most forsaken spot in the vast Pacific...and to Earth's supreme terror, the risen corpse-city of R'lyeh.

A mind-blowing epic from Keanu Reeves and China Miéville, inspired by the world of the BRZRKR comic books

The Book of Elsewhere

A Novel

Written by KEANU REEVES
and CHINA MIÉVILLE

She said, We needed a tool.
So I asked the gods.

There have always been whispers. Legends. The warrior who cannot be killed. Who's seen a thousand civilizations rise and fall. He has had many names: Unute, Child of Lightning, Death himself. These days, he's known simply as "B."

And he wants to be able to die.

In the present day, a U.S. black-ops group has promised him they can help with that. And all he needs to do is help them in return. But when an all-too-mortal soldier comes back to life, the impossible event ultimately points toward a force even more mysterious than B himself. One at least as strong. And one with a plan all its own.

In a collaboration that combines Miéville's singular style and creativity with Reeves's haunting and soul-stirring narrative, these two inimitable artists have created something utterly unique, sure to delight existing fans and to create scores of new ones.

Star Wars The Rise and Fall of the Galactic Empire

Written by CHRIS KEMPSHALL

When Palpatine declared the birth of his new Empire, he expected it would stand for millennia. Instead, it lasted only 24 years. This is the story of how a tyrannical regime rose from the ashes of democracy, ruled the galaxy with an iron fist, and then collapsed into dust.

It is a story of war and heroes, of the power of propaganda and the dangers of complacency. But most of all, it is a story of normal people trying to live their lives in the face of a brutal dictatorship.

From the ruthlessness of Darth Vader's campaigns to the horrors of the Tarkin Initiative, this book offers fresh new insights into the dark entity at the core of Star Wars.

The Invention of Dungeons & Dragons

Written by JON PETERSON

This first volume is *The Invention of Dungeons & Dragons*, which explores the publication of that iconic game. (The second volume is *The Three Pillars of Role-Playing Games*, a deeper dive into the history of the setting, system, and character of D & D.) In this first volume, Jon Peterson distills the story of how the wargaming clubs and fanzines circulating around the upper Midwest in the 1970s culminated in Gary Gygax and Dave Arneson's seminal role-playing game, D & D. It augments the research of the original editions with new insights into the crucial period in 1972–3 when D & D began to take shape.

Filled with unparalleled archival research (from obscure fanzines to letters, drafts, and other ephemera), this new edition of *Playing at the World* is the ultimate geek's guide to the original RPG. As such, it is an indispensable resource for academics and game fans exploring the origins of the hobby.
